

MMS NEWSLETTER

MMS continues to invest in resources and capabilities to better serve our customers. We have continued to recruit new Engineers, Craftspeople and Managers as we are growing despite the sour economy. We have also continued to update equipment and software.

MMS is well positioned for response and growth as the waxing economy improves. We have a highly detailed plan for the future that enables us to grow substantially without compromising our high quality standards. This plan will afford us the opportunity to recruit and develop the best talent in our industry while keeping our customer satisfaction ratings at 100%.

MMS currently has several machine tools for sale. From our home page, please click on "available machines".
