Overview of Position:

Manufacturing Maintenance Solutions (MMS) looking for Refractory Mason Laborers. Refractory Masons work out of the main office in Pekin, IL and are assigned to customer locations. Customer sites may vary day to day, depending on customer requirements and service needs. Refractory Masons perform the installation, repair & maintenance of various types of refractory insulation on heat treat furnaces, gas generators & other related equipment.

Working conditions:

- Protective eyewear and hearing protection are required in shop areas at all times.
- Temperatures may range from 40-120 degrees, depending on the area of the plant an individual may be working in.
- Work in confined spaces.
- Job duties may require outside work at any time during the year.
- Appropriate personal protective equipment is required.

Required Skills & Qualities:

- Willing to learn and train "On the Job" about materials and installation methods of various types of refractory materials.
- Perform refractory repairs and installation under direct supervision.
- Demonstrate safe working practices and procedures.
- Help use and manage materials and supplies effectively and efficiently.
- Perform basic mechanical assembly and disassembly.
- Operate forklift & man lifts.
- Use and maintain masonry hand tools, small powered equipment (saws, drills, etc.), and other shop equipment.
- Help set up and layout projects by measuring, leveling, and squaring.
- Good verbal communication skills with customers and fellow employees.
- Carry out verbal and written instructions so that work is performed safely and properly.
- Work efficiently as a team member.
- Strict adherence to safety regulations and policies.
- Ability to handle physical workload.

Required Skills & Qualities (cont.):

- Provide all necessary personal hand tools.
- Willing to work weekends and overtime when needed.
- Willing to travel when needed.
- Must have a valid state driver's license, vehicle insurance and dependable vehicle.
- Must be a U.S. citizen or permanent resident of U.S.

Responsibilities:

- Responsible for the equipment with which the employee works or has control over.
- Responsible for any equipment requiring maintenance work.
- Responsible for all materials and tools used on the job or special projects.
- Responsible for maintaining product integrity.
- Responsible for company equipment.

Benefit Summary:

- Employee Stock Ownership Program (ESOP).
- Starting with two weeks paid vacation (accrual begins after 30 days of employment).
- Ten paid holidays.
- Medical/Dental/Vision/Life/Disability Insurance.
- 401K Retirement Program.
- Travel Bonus
